TWINNING THE QUEEN ELIZABETH PARKS PROJECT

The Twinning the Queen Elizabeth Parks project is a partnership between the Queen Elizabeth National Park in Uganda and the Queen Elizabeth Country Park in England Its main aim being to create links between the two communities of the Queen Elizabeth Parks.

The idea of 'Twinning the Queen Elizabeth Parks' came about when Charles Etoru from QENP and Steve Peach from QECP at the International Ranger Federation Congress, in Kruger National Park, South Africa.

Finding that they were both presenting displays about Queen Elizabeth Parks, a friendship was made and the idea of 'Twinning the Parks' was born.

This project is supported by:
